Career Objective

I'm a hands-on MERN Stack Developer who loves building full-stack web apps from the ground up using MongoDB, Express.js, React.js, and Node.js. With a strong interest in UI/UX design, I enjoy creating clean, modern interfaces that feel as good as they look.

Professional Experience [Internships]

MERN Stack Web Developer 📁 03/2025 – present

Satech Technology

Currently interning as a MERN Stack Web Developer, building responsive full-stack applications using MongoDB, Express.js, React.js, and Node.js, with hands-on experience in RESTful API integration, user authentication, and Git-based collaboration.

Web Developer 📁 07/2024 – 08/2024

Zen1 TechPark

Completed a 15-day internship as a Web Developer at Zen1 Techpark, where I developed a real-world, responsive e-commerce website for a hotel, focusing on seamless user experience and mobile-friendly design.

Front End Web Developer 📁 02/2024 – 03/2024

AcmeGrade

Front-End Developer Intern at AcmeGrade, where I developed an e-commerce site for a business company, focusing on creating responsive, user-friendly interfaces and optimizing the overall user experience.

Education

Bachelor of Technology - Information Technology 2026

Nandha College of Technology CGPA-8.12

Higher Secondary Education 2022

Sengunthar Higher Secondary School, Erode-638001 Percentage-80.1

Secondary Education 2020

Government Secondary School, EK Valasu, Erode-638001 Percentage-70.2

Skills

Language

Java, JavaScript,
Python, C

Frameworks

React.js, Node.js,
Next.js

Frontend

HTML, CSS

UI/UX

Figma, Adobe XD,
Canva

Projects

Weather Detector [↗](#)

Developed a Python-based Weather Detection System that displays real-time weather by district input. Here, I served as Front-End Developer, creating a responsive and user-friendly interface.

MediBot [↗](#)

Developed MediBot, a chatbot using HTML, CSS, JavaScript and React.js to suggest medicines based on user input. Handled JavaScript logic for input processing and response generation.

E-commerce Site for an Online Shop [DEMO]

Designed and developed a responsive e-commerce website for an online dress shop using HTML, CSS, and JavaScript. Implemented interactive UI elements and product display features for a smooth shopping experience.

Frontend Web Application [DEMO]

Developed a responsive front-end e-commerce application for a coffee shop using HTML, CSS, JavaScript, and React.js, featuring dynamic product listings, interactive UI components, and seamless user experience.

Certificates

- Runner-up in Paper Presentation -Online
- Attended Codeathon in KPR Institute of Engineering and Technology [↗](#)
- User Experience Course Completion | Accenture Program [↗](#)
- Young Professional | TCS ion [↗](#)
- 15 Days Frontend Development Program | Coursevita [↗](#)
